**SECOND REQUEST FOR ACKNOWLEDGMENT OF RECEIPT  
AND CONSIDERATION OF INFORMATION DISCLOSURE STATEMENT**

Sir:

This is the second time Applicants have filed the following request (the first request was received in the PTO on March 26, 2003):

Applicants filed an Information Disclosure Statement on December 6, 2001, along with a PTO-1449 form citing seven references and seven U.S. copending applications. The Examiner drew a line through each of the copending application citations, which seems to indicate that those citations were not considered during prosecution of this application (see the attached copy of the PTO-1449 form bearing the Examiner's initials). Four U.S. patent publications and/or patents were cited on the PTO-892 form attached to the Notice of Allowance, and those four documents correspond to four of the copending applications that were lined through on the PTO-1449 form submitted by Applicants. There is no indication, however, that the remaining three copending applications (i.e., USSN 09/177,730, USSN 09/543,876 and USSN 09/114,260 (now U.S. Patent No. 6,254,974)) were considered during prosecution of this application.

In view of the foregoing, the Examiner is requested to confirm that the three copending applications mentioned above have been considered during the prosecution of this application.

Should the appropriate official at the U.S. PTO have any questions concerning this matter, he or she is requested to telephone Applicants' undersigned representative.
